Susie,

The Governor signed the 2022 Supplemental Operating Budget earlier this month. The budget provided AOC state funding to pay for trial court costs made to address impacts of the COVID-19 pandemic.

As Chris details below, the AOC will reimburse Lewis County Superior Court \$100,000 for this purpose. Attached to this e-mail are:

1. The quotes you provided Chris. We will use that information as the source material to review the costs you submit to AOC for reimbursement.
2. A blank A-19 to claim reimbursement once the goods, services, and equipment are received.

Finally, state funding normally requires that the purchases be received by June 30 to be eligible for reimbursement. We can offer an extension beyond the state's normal June 30 fiscal year deadline to recognize current supply chain delays this project may experience. However, the **orders for the goods, services, or equipment must be placed by June 15, 2022**. You will need to provide me documentation of those orders no later than June 30, 2022. If there is a delay, the purchases must be received by December 31, 2022 to be eligible for reimbursement.

If you have any questions, please contact me.

Susie – per our conversation, we’ve got \$100,000 to award you for this purpose. These upgrades are related to the COVID outbreak in that they are upgrades to audio/visual systems that will enhance the remote court experience and provide greater safety and accessibility to individuals accessing justice during a pandemic. Either I or Angie Wirkkala (copied here) will be in touch with more details.

Respectfully,

Chris

Hello, I have rec'd quotes. Courtroom 4 is an upgrade to existing system. Courtroom 1 is a new install, which would be the same for Ct 2-3. Looks like around \$53,000 per courtroom.
