My department's recommendation for sole source is based upon an objective review of the good/service being required and appears to be in the best interest of the County. I know of no conflict of interest on my part or personal involvement in any way with this request. No gratuities, favor, or compromising action have taken place. Neither has my personal familiarity with particular brands, types of equipment, materials, or firms been a deciding influence on my request to sole source this purchase when there are other known suppliers to exist.

Sole Source Justification for Lewis County Superior Court "Court Reporter Recording Solution"

Lewis County Superior Court has a need to retrofit each courtroom with the ability to audio and video record in absence of a court reporter. Currently, only one Lewis County Superior Court has such a solution. This solution is provided by Justice AV Solutions, or "JAVS" in Superior Courtroom #4. Superior Court also already uses a mobile version of JAVS that can be moved to non-courtroom locations for use. I.E., remote court locations.

The same recording ability needs to be added to Courtrooms 1, 2, and 3. JAVS has been used in Courtroom #4 for over 10 years and due to compatibility to the existing Courtroom #4 and their mobile solutions, JAVS is the preferred vendor to handle these additional upgrades.

Sole Source allows agencies to waive competitive bidding if new equipment or products must be compatible with existing equipment or products.

It would not be advisable nor practical to have different vendors in each Superior Courtroom nor different solutions than their mobile technology.

Issues:

- It would create confusion and issues for support staff to manage different systems in different rooms.
- It would complicate public disclosures having to access different systems depending on the Courtroom.
- It would create potential inconsistencies with the quality of the recording between vendors.
- One proceeding, if set in different locations at different times, could have records split between two different systems.

Having our existing vendor, JAVS, complete the work for consistent technology which we know is already compatible in Courtroom #4 is the best route forward to ensure continuity and efficient court operations.

SCOPE OF WORK

Customer wants JAVS integrated into existing Cisco/Crestron system with (2) PTZ cameras, (7) microphones, PA system, (3) laptop inputs, and Cisco video conferencing system. Would like dual recording system.

JAVS will install new:

Microphone splitter (to split existing microphone feeds between Centro AO and OFE QSC mixers)

Centro HDX

(2) Recorder 8's

Suite 8 Software

18RU Equipment rack

We will integrate existing (7) microphones, (2) PTZ cameras and (3) laptop inputs while preserving the current connections and functionality of the Cisco/Crestron system. We will also integrate Video Conference feed from the Cisco codec into JAVS recording (Cisco HDMI and analog audio outputs will need to show Video Conference Only).
