ENGINEERS REPORT

TO THE BOARD OF COUNTY COMMISSIONERS:

I, the undersigned County Engineer of Lewis County, Washington, to whom was referred on the 13th day of September, 2022 by Resolution 22-291, ordering me to examine all that portion of Meyers Road No. 1096 in the Government Lot 12 in Section 5, Township 12 North, Range 3 East, W.M., stating that said Board intends to proceed to determine whether said road should be vacated and abandoned for the reason that it is useless as a part of the County road system and that the public will be benefited by its vacation and abandonment, herewith submit my report thereon:

FIRST: The Meyer Road No. 1096 was declared to be a county road by resolution 89-54, February 16, 1989 at a width of 60 feet.

SECOND: The portion of right of way proposed for vacation is approximately 957 feet in length and is maintained by the County.

THIRD: The road is adjoined by property owned by Stephen Anderson, who has requested this vacation, and Port Blakely who has agreed to this vacation.

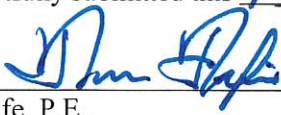

FOURTH: This portion of right of way does not abut a body of water, nor is the right of way necessary as part of the county road system and is useless for County road purposes.

FIFTH: The Property Owner has paid all administrative fees and publication costs associated with this vacation.

SIXTH: Utility companies known to service the general area have been contacted and are not opposed to the vacation.

In my opinion, this portion of right of way should be vacated for the reason that the public will be benefited by its vacation, returning the property to the tax rolls. I include with this report a map showing the road proposed to be vacated.

Respectfully submitted this 14th day of September, 2022.

Tim Fife, P.E.,
County Engineer
