Hi Lee and Sarah,

A cultural resources survey is required for the Ernst Wetland Enhancement project.

As procedure in the "VSP Capital Funding Guidelines" we are requesting additional funding from the Conservation Commission in the amount of \$5,000 to pay for the cultural resources survey. This amendment will then be added to our agreement.

Please let me know if you have any additional questions

Thank you,
Kenna

Hi Kenna, it does not need to come directly from the County but the County should be made aware of the request. Would you like to reach out to Lee and Sarah at Lewis County to let them know? I am happy to email them but wanted to see if you prefer to contact them directly. I will then process an amendment for the \$5K and the amendment will go to the County, then the County will need to amend their agreement with the CD.
Thanks

Hi Bill,

I have one more question. Do we need to run this through Lewis County since they hold the VSP contract? I wanted to check if the cultural resource funding request needs to come directly from them.

Thank you for all your help,
Kenna

Ok – I am fine with that estimate. Sarah Groth and Nicole Boyes are “cc-ed” on this email, so I believe Nicole will take it from here.

For follow up, we are anticipating that the cultural resource survey should cost approximately \$5,000.

Thanks!

Hi all,

A cultural resource survey is required for our Ernst Wetland Enhancement project funded under VSP. We are on the schedule with Kim Lancaster, Cascadia CD, for a survey next month on April 8th. However, we don't know what the exact cost will be yet. What is the procedure for requesting the funds to be added into the grant?

Thanks for the help!
