Upon expiration of the Agreement, any claim for payment not already made shall be submitted within 30 days after the expiration date or the end of the fiscal year, whichever is earlier. **In no case can this be more than 10 days past the end of the biennium.**

**DUPLICATION OF BILLED COSTS**

Lewis County shall not bill WSDA for services performed under this contract, and WSDA shall not pay Lewis County, if Lewis County has been or will be paid by any other source, including grants, for that service.

**FUNDING CONTINGENCY**

In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this Agreement and prior to completion of the work in this Agreement, WSDA may:

**July 1, 2023 to June 30, 2025**

**County Knotweed Control Criteria:**

Lewis County through its agent, Lewis County Noxious Weed Control Board, will conduct control work on knotweed infestations on the Cowlitz and Chehalis Rivers and associated tributaries within Lewis County. The control of any knotweed species not located in a riparian corridor requires written permission from the WSDA knotweed coordinator prior to any treatments or work completed. Treatment of these areas will utilize funding allotted by the state legislature for control of knotweed species during the 2024-2025 state fiscal biennium. Control shall include field survey directly associated with areas to be treated.

Minimum work specifications: workers will be hired or contracted to treat knotweed infestations known or discovered in the area identified above. Lewis County knotweed control employees or contractors will use an integrated weed management approach, in conjunction with the best management practice for the control of invasive knotweed species. Projects in riparian habitats will begin at the farthest upstream infestation and continue downstream. This funding may not be used downstream of a landowner that has not given written permission for entry and treatment (Attachment C). **Funding stops where permission stops.** All control methods will be employed consistent with the laws, rules and regulations of Washington State, Lewis County, the *Noxious Emergent Plant Management Environmental Impact Statement* (EIS) first published in November 1993, and all subsequent amendments to the EIS.

Lewis County, or subcontractors to Lewis County, must enter into a contract with WSDA under which Lewis County, or subcontractors to Lewis County, act as limited agents to carry out noxious and quarantine weed control for WSDA under the "Aquatic Noxious Weed Control National Pollutant Discharge Elimination System Waste Discharge General Permit" (NPDES permit) prior to the performance of any activity pursuant to this Agreement that discharges herbicides directly into streams or rivers, or indirectly into streams, rivers, estuaries, wetlands, along lake shorelines, or in other wet areas. Herbicide treatments may only occur at times allowed under provisions of the NPDES permit and must comply with conditions specified in such permit.

The crew will work closely with the county noxious weed coordinator and the WSDA Knotweed Control Coordinator, and be active in the field from July 1, 2023 to June 30, 2025, as allowed by the variable growth season of knotweed and any required preparation or conclusion times. Work will only take place on property for which the Lewis County Noxious Weed Control Board has obtained prior written permission for entry and treatment, utilizing the permission form provided by WSDA (Attachment C) or any applicable permission form approved by WSDA, from the landowner or tenant. Lewis County Noxious Weed Control Board will also provide access to these properties for the WSDA Knotweed Control Coordinator. Changes made to any permission form must be approved by WSDA prior to the performance of any work on that property undertaken under terms of this Agreement.

**Work Crew and Work Hours:**

The knotweed control crew will work or be under contract with the county noxious weed control board during the specified period, dedicating their time to controlling knotweed in the project area.

The control crew will have one crew leader who will be responsible for coordinating the crew's work, and who will maintain ongoing contact with the county noxious weed coordinator and the WSDA Knotweed Control Coordinator.

**Equipment:**

The knotweed control crew will use all available tools for control, including manual controls and herbicide applications, to control knotweed infestations in Lewis County. The control crew may use equipment provided by other agencies, provided the county noxious weed coordinator and the WSDA Knotweed Control Coordinator agree to the usage of the equipment and materials.

**Program Needs Provided by WSDA:**

WSDA may furnish the knotweed control crew with herbicide, public information fliers, public notification signs, and other equipment as the WSDA Knotweed Control Coordinator deems necessary. All unexpended items remain the property of WSDA.

**Expenditures:**

The funds provided for the county knotweed control crew will primarily go towards salaries and benefits, travel, supplies and equipment expenses for the crewmembers. All supplies furnished by WSDA will be used in Washington State and under the supervision of county personnel. An inventory list will be furnished to WSDA upon request. Items such as computer programs, models, food and beverage, or other costs not specified in this document will not be reimbursed unless the expenditure is specifically authorized in advance in writing by WSDA.

**Coordination:**

The Lewis County Knotweed Control Program will be coordinated with state, local and private control efforts.

**Deliverables:**

The county noxious weed coordinator will submit a written report to the WSDA Agreement administrator, documenting the work conducted in Lewis County, as follows: A season ending report is due December 1, 2023 and December 1, 2024, which will include the following: date(s) of control activities, map of project area(s), the type of control conducted, solid acres of knotweed treated, acres of knotweed protected, number of river miles worked, number of landowners assisted, and photo documentation of selected sites, including before and after treatment photos. The county noxious weed coordinator will supply WSDA with all geographic information system data that is generated as a result of this Agreement. Final payment under this Agreement will not be made until the season ending report is accepted by WSDA.

These deliverables are separate from and in addition to any reporting requirements associated with limited agent status under WSDA's Aquatic Noxious Weed Control NPDES General Permit coverage.

**INTRODUCTION**

1. The control and eradication of noxious weeds on public and private lands is in the public interest and the presence of invasive knotweeds (*Polygonum spp.*) on private lands threatens wildlife habitat and provides a source for renewed infestation of other private and public lands. Effective eradication of knotweeds requires concerted effort on both public and private lands to protect our natural resources.
2. The Board and its agents desire to perform activities to eradicate and/or control knotweed on public and private lands within Thurston County. These activities are authorized and carried out under one or more of the following chapters: 17.04 RCW, 17.06 RCW, 17.10 RCW, and 17.24 RCW.
3. The property owner(s) is/are the sole owner of property located at \_\_\_\_\_ in Lewis County, Washington, hereafter referred to as “the property.”
4. The property owner(s) is/are interested in and benefited by the eradication and/or control of knotweed on the property.
5. The property owner(s) and the Board desire to memorialize an agreement for the purpose of eradication and/or control of knotweed on the property.

**AGREEMENT**

1. **Permission.** In consideration of the benefits described above, the property owner(s) grant permission to the Board and its agents, contractors, cooperators and employees to enter onto the property from July 1, 2023 to December 31, 2027 to perform activities to eradicate and/or control knotweed on the property. The property owner(s) acknowledge and agree that these activities may include the application of herbicide to the property.

The property owner(s) also grant permission to agents, contractors, cooperators and employees of the Washington State University and/or the Washington State Department of Agriculture to enter onto the property from July 1, 2023 to December 31, 2027 for the purpose of monitoring and evaluating the success of knotweed eradication and/or control activities.

2. **Expiration and Revocation.** The Board and its agents, contractors, cooperators and employees are permitted to enter the property on all of the above dates and until December 31, 2027, or until this permission is revoked, whichever occurs first. The property owner(s) may revoke this permission by

Contract Number: K4611

presenting a written letter of revocation to the Board. The revocation is effective five (5) business days after receipt by the Board.

3. **Liability Waiver.** The purpose of entry onto the property is to perform activities to eradicate and/or control knotweed. The property owner(s) expressly agree to hold harmless the Board, the Washington Department of Agriculture (WSDA), and the agents, contractors, cooperators and employees of the Board, or WSDA, and to waive any claim of liability against the Board, WSDA, and the agents, contractors, cooperators and employees of the Board, or WSDA, for any injury, damage, or harm which is the logical and intended consequence of activities properly performed to eradicate and/or control knotweed.

The Board and its agents, contractors, cooperators and employees agree to waive any claim of liability against the landowner for any injury, damage, or harm which is not the consequence of the landowner’s negligence. As to any other act or omission of either party under this agreement, each party shall be responsible for its own acts or omissions and those of its officers, employees and agents under this agreement. No party to this agreement shall be responsible to the other for the acts or omissions of entities or individuals not a party to this agreement.

### **Getting paper copies**

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

### **Withdrawing your consent**

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

### **Consequences of changing your mind**

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

### **All notices and disclosures will be sent to you electronically**

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
