Re: Contingent award of the Energy Efficiency Retrofits solicitation EE-024

Dear Scott Brummer

Congratulations! The Department of Commerce is conditionally awarding Lewis County a grant under the EE-024 grant program for Full LED lighting upgrade throughout the jail for energy efficiency. The award amount is \$571,200.00. This award is made from state funding.

The award is contingent upon no successful protests and execution of a Grant Agreement with Commerce. Details such as obligations for deliverables, schedules, coordination and reporting will be negotiated. State funding has certain non-negotiable requirements.

This award is based on the information provided in your original submitted application received 9/25/2024. Any changes to the Scope of Work must be reviewed and approved by Commerce.

By accepting the award, you agree to follow the funding requirements and other provisions of the RFA as enforced by Commerce. We require a counter-signature below by an authorized organization official. Commerce will publicly announce that the apparent grants have been awarded. Lewis County including its directors, employees and agents, agree to make no public statements regarding this award until the Grant Agreement is executed, unless Commerce provides prior consent.

Next Steps:

1. Sign and return this letter as soon as possible and in no later than November 15.
2. Kristen Kalbrener will be your contract manager and will be assisted by program manager Janice Jacobsen, and other members of the Energy Efficiency & Electrification team. You will be contacted regarding next steps once your signed letter has been received.
3. Contracts will be processed in the order that completed pre-contract information is received. Please contact us with any questions regarding online submission of the intake materials.

If you have any questions, please call Kristen Kalbrener at (360)515-8112 or email us at energyretrofits@commerce.wa.gov.

Commerce looks forward to working with you and your team on this important energy efficiency project.

Sincerely,

Emily Salzberg, Managing Director
Buildings Unit, Energy Division
