RE: Scope Change for Centralia Alpha Road Improvements Project
RAP Project Number 2119-01

Dear Tim,

Your request for a scope change to Centralia Alpha Road, in which you requested reducing the project length by revising the BMP to MP 10.638, is approved as indicated in the attached amendment to the CRAB / County contract for the RAP funded project. The increased length did not change the project worksheet score, and therefore did not alter the project's position on the original array. Since the potential turn lane proved unwarranted, the reduction in length will save considerable time and effort in the completion of this project, as you described, without altering the intent of the project.

Please have your commissioner **sign and return all three originals, unaltered**, for our final execution and processing within 45 calendar days of the date of this letter.

Please call 360-350-6081 or email steve.johnson@crab.wa.gov if you have any questions.

Sincerely,

John Koster, Director
County Road Administration Board
